EPSON SOLUTIONS FOR AIR TRANSPORT OPERATIONS

# FIRST-CLASS PASSENGER PROCESSING

#### 40 YEARS OF EXPERIENCE AND INNOVATION

Four decades of experience in printing, combined with our position as the European number one supplier of POS printers and our well-established relationships with the airline industry, make Epson ideally placed to fulfill airport passenger processing requirements. From check-in to boarding, Epson printers bring enhanced efficiency and reduced operating costs to airlines and airports. And, drawing on our expertise in defining industry standards, we're committed to supporting IATA's CUPPS initiative for next-generation airport software platforms, protecting the future of your investment. Epson printers have been easily integrated into the airlines' PC-based systems and they have proven to be extremely reliable in this environment, where thousands of boarding passes are printed every day. Kris Kristmanns, Director of Operations Support for Servisair

#### **CHECK-IN DESK**

Free up passenger flow at this traditional bottleneck and present an efficient, passenger-friendly first impression. Built to fit easily into virtually any airline structure, Epson direct thermal printers are built for high performance baggage tag and boarding pass printing.

### **SELF-SERVICE KIOSK**

As a leading manufacturer of printing mechanisms Epson are the perfect choice for passenger self check-in kiosks. Give customers more control, reduce queues and enhance the airport experience with fast, reliable high quality Epson printing.

#### **BOARDING GATE**

Process passengers quickly and efficiently with Epson printers at the boarding gate. They smooth the final stages of the airport experience and can help you to handle any unexpected flight schedule changes quickly and efficiently.

## **WORLD-WIDE SERVICE**

In the fast-paced, high-pressure world of air transport, you need solid reliability and support to ensure everything runs smoothly. At Epson, we work hard to give you the support you need to help keep both your business and passengers moving.

Epson CoverPlus offers a range of service and support options so you can choose the level of support you need, or let us work out a bespoke solution based on your needs or budgets. With an extensive global service network and a track record of exceeding our clients' expectations, our commitment to service is second to none.

Epson's global service network

#### COMMITTED TO A BETTER FUTURE

At Epson, we know that planning for the future requires strong commitment to the environment. That's why we strive to create innovative products that are reliable, recyclable and energy efficient. Better products that use fewer resources reduces our impact on the environment and help to ensure a better future for us all.
